† End Times Research Ministry Missions Up-Date- Haiti 1-7-13

AS THE NEW YEAR BEGINS, GOVERNMENTS ACROSS THE WORLD ARE BEGINNING THEIR “NEW” PROCEDURES- NEW TAXES, NEW REGULATIONS. PASTOR JOSUE IN HAITI IS EXPERIENCING THIS WITH THE HAITIAN MINISTRY OF EDUCATION. Education levels in Haiti are low. Haiti’s literacy rate of about 53% (55% for males and 51% for females) is below the 90% average literacy rate for Latin American and Caribbean countries. The country faces shortages in educational supplies and qualified teachers. The 2010 Haiti earthquake has exacerbated the already constraining factors on Haiti's educational system. It was after this devastating earthquake that Pastor Josue decided to make a difference in the lives of the children of Titanyen.

Now his Christian school is facing problems. He must construct new latrines for the children and install a water tank.

Message from Pastor Josue:

May God bless you so much for all of your heart. I feel sometimes bad about to let you know much about our request needing, please very excuse me. Concerning the toilet, I don't know if you know that, the toilet in Haiti is so different, for the materials We must dig a hole 25 to 30 feet deep, we need about 1,500 blocks, because we will have 4 rooms toilets (2 for girls and 2 for boys and 2 bathrooms for each) and we will need cements, sheets, arms, nails, wood, labor and all will doing for make this construction. A water tank for 8 or 600 gallons of water cost about \$ 4,800.00 for about \$ 594.00 USD. The US dollar as have a small high level now in Haiti.

The things is so very very expensive there in Haiti. Let's put faith in our God and he will do the way.
