Francis has been a blessing to The Last Chronicles of Planet Earth. While supporting Francis in college he has been preaching Jesus in the streets and in the colleges in Kenya. He is also watching over 12 young students who were homeless but, thanks to Christ's blessing we have been able to get a home for all the young men and Francis is taking care of them. No one pays Francis to do this work, it comes from his heart!

Now they have an emergency and need our prayers

Message from Francis:

Bad news..one of our boys had a fracture while playing soccer in the school. It's so unfortunate that he is not covered by medical insurance and so we have to cater for his medical bill. I took him to the hospital with a teacher and he had an X-Ray which proved that he was badly injured and requires urgent medical help!

I was only able to pay up for the X ray which costs 1,900 ksh and i had only 1000ksh.Unbelievably they gave me a discount of 1000 shillings and I had to pay 900ksh.

The Radiologist doctor told us the knee had a fracture and STI in ligaments. He is to be braced with Immobile knee hinge joint which costs 16,500 ksh and a pair of clutches which costs 4000 ksh. Consultation and doctors fee, plus the medicines will cost 3000 ksh..bringing the total to 23,500.ksh..That is close to 285 USD.

He is to stay with the immobile knee braces for three weeks which we have to go back and be checked again at a fee of 3000 from which they will assess the degree of healing. If negative, they revert to other methods like surgery or strengthening with some steel.

Please pray for us since they cannot begin the treatment without us buying the immobile braces and clutches. Due to corruption the hospital don't stock them, they are stock by doctors who will refer you to their private clinics to buy them

In His service- Francis N Njoroge
