

The Arab Spring in Prophecy

(Perilous Times Luke 21:9 & Nation against Nation, Kingdom against Kingdom Matt.24:7)
(Revelation 6:3-4 Revelation 6:8)

“For nation shall rise against nation,
and kingdom against kingdom.
There will be earthquakes in various
places, and there will be famines
and sedition; these are the
beginning of the labor pains.”

Mark 13:8

CIVIL UNREST

Luke 21:9 and Matthew 24:7 speak of nation against nation and kingdom against kingdom in the end times. Revelation 6:3-4 speaks of the fiery red horse given power to **make men slay one another** and Revelation 6:8 speaks again of this red horse in conjunction with the pale horse of Death and Hades, as the one that has the power to kill by sword. I like to call this “The Arab Spring in Prophecy” because for us it is easy to identify- that’s what the world calls it.

Luke 21:9: wars & commotions; the Greek word here is Akatastasia, meaning **instability, a state of disorder, disturbance, confusion (revolutions)**

Matthew 24:7: the Greek word for nation is Ethnos & refers to various **ethnic groups fighting among themselves**, where the next sentence in the verse refers to **kingdoms** (basileiva) fighting one another (not to be confused with an actual kingdom but rather **the right or authority to rule over a kingdom**) I have tried to separate it into areas that sweep EAST from the point of North America.

Headline: Police clash with protesters in Brazil

Brazilian police have used tear gas in clashes with demonstrators, who had taken to the streets in the city of Sao Paulo to protest a price hike in public transport. The clashes took place on Friday as angry protesters were marching on the city's main station and set several buses on fire. The protesters were said to include members of the so-called Black Bloc anarchist group. One police officer was injured in the clashes. The rallies were organized by the Movimento Passe Livre, a group that has been campaigning against the city's high bus fares since 2004. The clashes came as Brazilian President Dilma Rousseff announced a USD 2.4-billion plan to improve public transport in the city.

Africa- ONLY COUNTRIES NOT IN PROPHECY

Headline: U.S. says renewed Congo fighting risks engulfing region

The United States said on Monday renewed fighting in eastern Democratic Republic of Congo between the army and M23 rebels risked dragging neighboring countries into the conflict and it urged all sides to return to the negotiating table. Following two months of relative calm in the region, fighting flared last Friday after peace talks in neighboring Uganda broke down when M23 rebels demanded an amnesty for their leaders. President Joseph Kabila has ruled out a blanket pardon. Three days of army victories have raised the prospect that it could defeat Congo's most important rebel group, ending a 20-month uprising which has displaced tens of thousands of people, but Washington's special envoy for the region urged restraint. "There are enormous risks in simply moving forward believing that a military solution is a full answer," Russell F. Feingold told reporters in Paris after returning from a trip to Uganda, Rwanda and Congo. "It risks bringing in other forces in this matter that could lead to a cross-national war."

Headline: U.S. Navy drafts evacuation plan to 'go afloat' in case of Bahraini crisis

Headline: Homemade bomb targets police patrol in Bahrain

The United States has been drafting plans for a rapid naval evacuation from Bahrain. Officials said the U.S. Navy has conducted an exercise that envisioned a crisis in the Gulf Cooperation Council

kingdom. The officials said the Navy sought to determine whether it could evacuate its Fifth Fleet headquarters to ships offshore. "My plan B in a crisis is to go afloat," U.S. Navy operations chief Adm. Jonathan Greenert said. In an address to the Naval War College on Oct. 25, Greenert acknowledged the Shi'ite unrest in Bahrain. He said the Navy was monitoring the attacks on Bahraini security forces and foreign nationals to determine the safety of American personnel. "Their internal security is something we watch," Greenert said. "I don't want to call it an insurgency. That's too strong." Officials said the Navy conducted a crisis evacuation exercise on Oct. 25 to transfer onshore operations to offshore facilities. They said the exercise was conducted by the Fifth Fleet off the coast of Bahrain and by the Sixth Fleet in the Mediterranean Sea. "But there is no real good long-term alternative like Bahrain that we have over there," Greenert said.

Headline: Bulgaria: Sofia students condemn corruption, demand elections

Bulgaria's largest university has come to a standstill as several hundred students blocked access to the main entrance in a demonstration demanding the dissolution of parliament and new elections. Students at several large Bulgarian universities have shown their support for the continued anti-government protest at the St Kliment Ohridski Sofia University, staging their own "occupation" of lecture halls on October 28. At Sofia University, meanwhile, the academic council appeared to cancel classes indefinitely, for as long as the "occupation" continues. Students at Veliko Turnovo University, Plovdiv University Paisii Hilendarski, performing arts academy Natfiz in Sofia and the private New Bulgarian University have shown their – mostly symbolic – support for the protest at Sofia University. A similar initiative at the University for National and World Economics in Sofia has been planned for October 29, according to reports in Bulgarian media. The Sofia University administration had cancelled all classes on October 28 after the protesting students said last week that they planned to "occupy" lecture hall 272, the university's largest, indefinitely. At the same time, the university's academic council was scheduled to meet in order to decide how to proceed further. In a statement posted on the university's website, the academic council said that the "occupation is an extreme form of protest" and asked "the organisers and the participants to seek other forms of protest that would not prevent the university from carrying out its mission."

Headline: Political strike grips Bangladesh; five dead

At least five people were killed in nationwide clashes and trains were attacked as Bangladesh's opposition Sunday began a strike to demand the prime minister quit and make way for polls under a caretaker government. Police said officers opened fire at protesters in the western town of Nagarkanda after some 3,000 supporters of the main opposition Bangladesh Nationalist Party (BNP) ransacked a rural market and attacked police with bricks. "We opened fire in self-defense," district police chief Jamil Ahsan told AFP, adding that one opposition activist was killed in the firing and five were wounded. Four other people were killed elsewhere as the three-day strike got under way, with protests erupting across the country and thousands of extra police and paramilitary officers deployed. In Dhaka opposition supporters torched buses and exploded more than a dozen home-made bombs, while police retaliated with tear gas and rubber bullets. Shops, businesses and schools were shut for fear of the violence. The BNP and its allies ordered the strike after last-minute talks between Prime Minister Sheikh Hasina and opposition leader Khaleda Zia late on Saturday failed to defuse the mounting crisis.
