

EQUIPPING THE SAINTS FOR THE WORK OF
MINISTRY; EDIFYING THE BODY OF CHRIST.
EPHESIANS 4:12

May Update:

Hi all, we pray you are all blessed in the Lord and walking closely to Him.

May has been good and fruitful as we are still at the missionary training center in the mountains of AZ. While here, we have strived to help labor in some of the work that needs to be done in these early stages of the school campus. The ministry has already taken in over 11,000 people but is now in the process of starting a new season, and the establishment of building a campus to facilitate the vision.

This month has been a time of much physical labor, as we worked 12 hr days for a few weeks, packing up the old Church, leveling a new pad (on the side of a mountain) and moving the Tent Church on to the new pad. Also the first official building is almost ready to go up, and the first stage will be to pour the concrete slab and the footings for the building to rest on. All the plumbing and pipe work is already in the ground.

Besides the labor work, Stacy and I have also had some Divine appointments, which is always exciting. The other week we were headed to town to minister to the lost, and we felt the enemy's attack like usual. He will do anything he can to stop Christians from reaching out to others. But we cannot let him win. Honestly, I did not feel like talking to anyone or sharing my faith, but we went to the park anyway, and the first conversation I had was with a poor boy named Dameon. He has 2 messed up parents on drugs who could care less about him, he was kicked out and on the street, and he was only 16 years old. He had burns and cuts all over his arms, was into Satanism and had terrible friends who did not treat him well, and I am so so glad that I did not allow satan to stop me from meeting him.

I was able to share the love of God with him, and speak truth to him for about an hour, and then he let me pray with him. We found out where he slept (outside behind the library) and my wife got a backpack full of goodies and a Bible, and we left it for him with a note telling him that God loves him, and he could call us anytime.

Thank God that we can be used by Him to reach the lost and hurting! We encourage you all to always look for opportunities to be a light.

Stacy also has had opportunities to witness women, giving them gospel tracts with money in them... and who doesn't like money? I am so proud of my wife who loves the Lord and is willing to put her hand to the plow and work for Jesus with me. What beautiful blessing.

Then on Memorial Day (Monday) God gave us the grace to open air preach in the park. We are simply thrilled at that. We felt God's enabling power so we took advantage of it and jumped on a park bench, asked for people's attention for a moment and then presented my testimony along with the gospel presentation. It went so well that we went to the other side of the park and found an even larger crowd of people sitting and playing basket ball. We

interrupted the game and preached for ten minutes, thanked them for their time and asked them to please consider what they just heard.

We rejoice at people's reactions, both negative ones and positive. I was both thanked by some, and also called a "faggot" by a mocker. Jesus said to rejoice when people revile you for His names sake, so we rejoice! (Matthew 5:11, 12)

God has also answered our prayers for provisions this month, which we are so thankful for. Blessed Hope Chapel has also been a great blessing to us, and we are so thankful for their love.

We are excited for the month of June, and already have 3 speaking engagements lined up; praise the Lord! We love you all, and thank you for your prayers for us. Please pray that God would give us boldness to speak as we should, and that He would open many doors for us to impact the Churches of our nation, and to also bring light to those who are in darkness.

With Love in Jesus Christ, Jonathan, Stacy, little Jonathan, and Israel Ball
